Work Experience

Elections Graphics Playback Operator

Sep 2026 – Present

NBCUniversal, New York, NY

- Operate a dedicated graphics playback station for live election coverage, staging each board in preview and taking it to air on the director's go-ahead
- Execute real-time requests called over headset, assembling boards from hundreds of possible combinations under tight on-air deadlines
- Prepare custom race lists and other data-driven content in advance so it is ready to air on demand
- Manage a wide range of content, including race results, vote counts, House and Senate winners, county maps, candidate cards, and exit polls
- Rehearse full-length mock broadcasts to sharpen accuracy and timing, working through sessions of 100+ graphics
- Perform quality assurance on county maps and results with the data team, escalating errors to the director or room lead within a 30+ person cross-functional production team

Freelance & Projects

LinkedIn Content Campaign

July 2026 · [samples](#)

NYC Energy Engineering Firm · Marketing Assignment

- Created three LinkedIn posts with custom Canva graphics on a 3-day turnaround: a project case study, an educational explainer on NYC energy law, and an awareness-day campaign
- Designed a decision-tree graphic that let building owners self-identify compliance requirements in seconds, plus a stat-driven case study visual built around a five-year payback story
- Directed an AI-assisted research and drafting workflow, fact-checking all claims against source material and rewriting output for brand voice

Social Media Audit

June 2026 · [audit](#)

PlayStation · Self-initiated

- Audited PlayStation's Instagram, TikTok, X, and YouTube strategy, benchmarking engagement trends against Xbox and platform-wide performance data
- Recommended a Reels-first Instagram strategy, increased TikTok investment, and a user-generated content program, with a 4-week cross-platform content calendar

Google Ads Campaign

April 2026 · [study](#)

Whitewood Landscaping · Freelance client

- Built and ran a 15-day Google Search Ads campaign for a Stroudsburg, PA landscaping business with no paid advertising history, on a \$22 total budget
- Achieved a 6.38% CTR (above the 2-5% local-services benchmark) at \$0.81 average CPC using tight geo-targeting on three Pocono towns and high-intent local keywords
- Wrote ad copy and structured ad assets around mobile-first traffic (77% of impressions); published a full case study

SEO Audit

April 2026 · [audit](#)

SPAR MMA · Self-initiated

- Audited a local martial arts gym's website using Screaming Frog, Google PageSpeed Insights, and Ubersuggest after a 58% drop in monthly organic traffic
- Diagnosed top issues: broken robots.txt (111 crawl errors), 7.8-second mobile load, missing H1s on 3 of 4 pages
- Delivered a prioritized fix list spanning technical SEO, on-page changes, and new local landing pages

Education

University at Buffalo, State University of New York

May 2026

B.S. Business Administration, Concentration in Marketing

- **Relevant Coursework:** Marketing Research, Digital Marketing, Product & Brand Management, Statistics for Analytics
- **UB Marketing Association:** Placed first of roughly 10 teams in a competition to recreate a major ad campaign, analyzing Nike's marketing techniques and producing a competing version
